*The Good News*

**Wait A Minute!**

What a wonderful Sunday we experienced this past week. We definitely worshiped His majesty and declared that all glory, honor, and praise belongs to Christ Jesus the King.

In Sunday School we are learning from Matt Chandler who is reminding us of "The Beautiful Design" that began with God's creation. This study is no doubt relevant to our day and time.

Our adult Bible Study for WNL concerns the minor prophets. This Wednesday, (the 16th) we will begin with Joel. He will speak of a locust infestation and the damage it has caused; and then teach the people how they should respond. Substitute a world wide pandemic for locust infestation and what Joel will say is no doubt

relevant to our day and time.

And then this Sunday, I will begin a series of messages that I am calling: Keep the change. The theme: Change is inevitable but growth is optional. We will learn how we can grow through change. We are changing people who live in a changing world and therefore, I hope this series of messages will be relevant to our day and time.

The common subject of this brief article: Relevant to our day and time. The Bible is a collection of writings that has existed for hundreds of years and yet, it continues to speak with relevance to our day and time. Come worship and study and learn along with us.

As always, I thank you for the opportunity of service and look forward to worshipping with you this Sunday.
